

To get started, interested eligible civilians and SELRES enlisted personnel need to contact their local officer recruiter; the recruiter will ensure that applicants are qualified and assist them with the application process. To locate the officer recruiter an interested applicant should go to this [Navy Recruiting Command](#) website. Be sure to ask for a recruiter who is handling the SELRES DCO program.

Questions about the Reserve Supply Corps DCO program can be directed to the Reserve Supply Corps Officer Program Manager at (901) 874-4621
